PROGRAM: GOVERNOR'S PROGRAM - District Governor, DAN SULGAR

Dan Sulgar is from the Boston area in New England. He lived in Louisville, Kentucky for a brief stint before moving to the panhandle of Florida where he has called 'home' for the past 11 years.

Dan is a healthcare consultant and project manager with his firm; The Sulger Consulting Group. Through his consulting business Dan has worked around the country and the world. These travel experiences, along with working in healthcare, have made it perfectly clear that, in one fashion or another, everyone wants to help each other. The opportunity to do that at local and global scale is what drew Dan to Rotary. Since joining the Rotary Club of Navarre, he has served as its Secretary, Grants Chair, Foundation Chair and President. He has also served at the District level having worked as the District Membership Chair, an Assistant District Governor Area 1, Aide to the District Governor as well as an Aide to a President's Representative.

He is a Benefactor, a member of the Bequest Society, Multiple PHF, RLI Graduate and Discussion Leader, Sustaining Member and has had perfect attendance since 2014. Dan has also been active outside of Rotary, having sat on multiple theatre company boards, the advisory board for the Pullum YMCA and, along with Kim, has worked with animal rescues fostering and adopting out dozens of kittens.

INSPIRATION: By WALLISA COBB

Today we pray that we receive Your special blessing because we are committed to be a real service organization to help humankind. We send our well wishes and support to those impacted by Hurricane Ian.

May each of us in our daily routine come to know the joy of caring and sharing with others not as fortunate as we are. May our motto that includes serving, caring and sharing be for us life in service. Amen.

In the 1990s, with back-to-back presidencies by outstanding Rotarians like Wayne Edwards, Major Harding and Ivan Johnson, the Rotary Club of Tallahassee reached its membership zenith with over 250 members. A quarter of a century later, COVID and other changes have reduced that total but we have another century ahead of us for new achievements!
